

STUDENT ACTIVITIES

Events and Programs

Mills offers students a wide array of co-curricular activities.

Students can enjoy a movie on the meadow, attend a leadership workshop, or take a study break in one of the student lounges.

Students have the opportunity to organize and attend inspiring lectures, conferences, music and film festivals, and other community building activities.

Student Activities collaborates with the Associated Students of Mills College (ASMC) to recognize and support student clubs and organizations that reflect student interests across various political, social, and academic themes.

For more information see Student Activities (<https://inside.mills.edu/student-life/student-activities/>), visit the Center for Student Leadership, Equity, and Excellence in Rothwell Center, or email thecenter@mills.edu.
